Second Team With Aid of  
Few Varsity Men Win

The game with Lowell Textile school Saturday on the college gridiron resulted in an easy victory for New Hampshire. The score was 19 to 0.

A number of the second string men were used in the game. Jenness, Williams, Kiley and Bissell, varsity men, witnessed the contest from the side lines. These men are laid up with slight injuries, but it is expected that they will be back in the game against Rhode Island on Saturday. At the beginning of the game, their places were taken by Haines, Thompson, Corriveau and Hobbs.

Haines, who has been playing in the backfield has been shifted into the line at guard, and Peavey is now playing tackle instead of guard. Hobbs, who substituted for Bissell played a nice game, scoring one of the touchdowns on a delayed pass. He ran 20 yards for the score.

The Lowell team was pitifully light, and even the second eleven of New Hampshire outplayed it. The Massachusetts players also, were evidently in no condition for a hard struggle, for they repeatedly had to call time on account of injuries. Another thing which delayed the game was the apparent inefficiency of the referee.

The fact that the opposing eleven was totally outclassed was shown at the beginning of the game when the New Hampshire backfield gained at will, and worked successfully a number of forward passes. The first touchdown was scored by Woodman. Williard broke through and blocked an attempted drop kick, recovered the ball and ran to within 25 yards of the Lowell line before he was downed. A forward pass and a series of rushes netted the touchdown. The second score in the first half was made by Brackett and Hobbs. The first player ran back a punt half the length of the field and then Hobbs bucked the tackle for twenty yards and a touchdown. In the second half, Brackett again figured in the third six points. He rushed through the center of the line, and aided by good interference, carried the ball 40 yards to across Lowell's line.

The Game.

New Hampshire kicked off to Lowell. The latter team could not gain and was forced to punt. An exchange of punts followed, leaving the ball in New Hampshire's possession on the 35 yard line. It was carried to Lowell's 25 yard line and lost on an intercepted forward pass. Lowell, again, soon punted and the ball went over Brackett's head for a touchback. It was placed in scrimmage on the 20 yard line. After two plays Lowell intercepted a forward pass. Several formations yielded no ground, and a drop kick was tried with the results already mentioned, Willard running with the ball to Lowell's 25 yard line. A forward pass netted 15

yards, Brackett went around right end for 5, Hobbs ripped through left tackle for 4, a fumble lost one yard, and, then, Woodman carried the ball over the line. He failed to kick the goal. The ball struck the bar between the uprights. Score, New Hampshire 6, Lowell 0. The first period ended with the ball in Lowell's possession on its own 25 yard line.

Second Half.

Lowell was forced to punt and Brackett ran the ball back to the 20 yard line. New Hampshire lost it on an intercepted forward pass, and again Lowell had to kick, Brackett running the ball back to where it started. The same thing happened over again, this time Brackett landed the ball on the 20 yard mark. On the first play Hobbs went over the line for the touchdown. Woodman failed to kick the goal. Time was called two minutes later with no further scoring. Score New Hampshire 19, Lowell 0.

Second Half.

New Hampshire used a number of new men in this period. Foster was substituted for Hobbs, Watson, Hobbs, Yates, Murdock, Bugbee, Parker, and McCartney of the second team were given an opportunity. Foster and Yates were good ground gainers in the backfield, while Hobbs, Parker and Bugbee played a good defensive game in the line.

At the beginning of the half, Bugbee recovered a punt on Lowell's 40 yard line. Yates bucked left tackle for 5 yards, a forward pass struck the ground and then, Brackett slipped through center for the last touchdown of the game. Bugbee kicked the goal.

There was no further scoring. New Hampshire had several excellent chances but lost them, mainly through intercepted forward passes.

The summary:

Score, New Hampshire 19. Touchdowns, Woodman, Brackett, Hobbs. Goal from touchdown, Bugbee. Umpire, Jones of Wyoming. Referee, Cook of M. A. C. Linesman. Came of New Hampshire. Time, two 10m and two 11m periods.

RESULTS OF OTHER GAMES.

The results of the big college games this coming Saturday will be obtained and posted on the bulletin board in the gymnasium during the evening.

DR. SEERLEY TO SPEAK SAT NOV. 2ND.

One of the rarest opportunities which New Hampshire students will have this year will be to hear Dr. F. N. Seerley of the Young Men's Christian Association College of Springfield, Mass., next Saturday evening. It is hoped now that his talk on "Sex and Manhood" will be given in the chapel instead of the college Club rooms, as announced last week. Dr. Seerley will also give personal interviews with fellows, and, in addition, give group talks at fraternity houses on the Sunday morning following, if it can be arranged.

CONVOCATION EXERCISES.

Prof. M. M. Smith, Principal of Dover High School, was the speaker at the convocation exercises Wednesday October 23, He spoke on "College Education and What I Ought to Accomplish." He said that education should tend to better the economic and industrial conditions of society, and that New Hampshire College was the sort of an institution which gave the training to help one develop that side of his nature.

Director J. C. Kendall, Dean C. H. Pettee and Mrs. C. H. Pettee will attend the annual meeting of the Association of American Colleges and Experiment Stations to be held at Atlanta, Ga., commencing Nov. 13.

At a meeting of the Casque and Casket Fraternity, Oct. 24, the following circular was authorized for publication:

**The Gamma Theta Society has been Expelled from Casque and Casket for Breaking the Spirit of the "Chinning Rules."**

At a meeting of the Casque and Casket held Thursday evening, October 24, 1912 the so-called Gamma Theta Society was expelled from the Casque and Casket for violation of the spirit of the chinning rules.

After the meeting had come to order, a discussion was held on the various phases of the situation, and after careful consideration the motion was made and seconded that the so-called Gamma Theta Society be expelled from the Casque and Casket.

As the representative of one of the fraternities present were not empowered to act for their fraternity, it was decided to withdraw the motion in order to give the above mentioned representatives an opportunity to obtain the power to act. As the motion was about to be withdrawn, the representatives of the so-called Gamma Theta Society acting for the said society withdrew from Casque and Casket.

The first motion not having been withdrawn was put and carried.

In accordance with the above motion the so-called Gamma Theta Society is no longer recognized as a fraternity by the fraternities represented in Casque and Casket.

Signed by committee acting for Casque and Casket.

Perry E. Tubman, Zeta Epsilon Zeta.  
Guy L. Ham, Kappa Sigma.  
Howard R. McCartney, Beta Phi.  
C. J. Dresser, Theta Chi.

Authorized for publication and distribution by Casque and Casket.

PRESIDENT EDWARD T. FAIRCHILD.

New President Receives Praise.

The following is an extract, taken from the Kansas City Journal.

"Kansas school children are about to lose one of the best friends they ever had in Edward T. Fairchild superintendent of public instruction, who has been elected president of the New Hampshire State College, located at Durham.

"Mr. Fairchild's educational services in Kansas have been of extraordinary value. The record of his achievements and net results are always the best test of service—have won for him a reputation that has gone far beyond the boundary of this state. His work on the rural school problem in bringing about better conditions in the country schools has attracted attention for several years and in 1911 won for him the chairmanship of the rural school committee of the National Educational Association. On this committee, whose business it was to make a thorough investigation of the needs of the rural schools throughout the United States, were some of the foremost educators of the nation.

"Kansas is a farming state and Mr. Fairchild rightfully believes that agriculture should be as much a part of the curriculum of study in its schools as any standard branch of learning. He advocated this idea to many, and the rural schools of the state began taking it up. Then Mr. Fairchild noted that trained teachers of agriculture would be necessary to teach this subject. He appealed to the legislature to pass a law appropriating \$25,000 a year to assist high schools in teaching the subject and prepare those students taking the normal training work to teach agriculture and domestic science. As a result of this movement, practically every rural school and all secondary schools are offering agriculture in the course of study.

On thing which Mr. Fairchild believes will do more than anything else to improve the quality of the educational facilities provided for country boys and girls is the consolidaton of rural schools that is, the union of several small and weak schools so as to form a single strong school. He published a pamphlet on the subject of consolidation and the result has been the disappearance of many of the little schools where less than a half dozen pupils were being instructed. In their place is a modern graded school well furnished with modern appliances. Wagons are provided for carrying the children back and forth, and so with little or no extra expense many country graded schools are operated all over the state of Kansas which are as good as the city schools and which have besides the wholesome surroundings of country life.

Mr. Fairchild has held a conference of county superintendents every year since he has been state superintendent.

"This only tells the story in part of the great programme of educational work carried out in this state by Mr. Fairchild, but it gives an idea of his initiative, of his grasp of the real situation, of his ability to meet conditions and to work out results. The unanimity of interest and action which he has inspired in others in every phase of school work is a great part of his service in this state."

"Entered as second-class matter September 20, 1911, at the post office at Durham, N. H., under the act of March 3, 1879."

DURHAM, N. H., Oct. 30, 1912.

The expulsion of the Gamma Theta Fraternity members of Casque and Casket from that organization has been the cause of considerable discussion during the past week. Such an action unprecedented in the history of the interfraternity council, resulting from a disagreement among the fraternities over the question of the violation of the spirit of the chinning rules, is indeed of possible seriousness in its effect upon college spirit.

Bitter and long will probably be the struggle between the fraternities before peace again reigns supreme. The doctrine of the Impossibilist will have another incident in history as evidence of its validity. As this type of socialist, however, believes in the possibility of ultimate amelioration of prevailing conditions, so can we easily expect from the present day contentions the birth of a more sincere college spirit, than has ever before existed.

Upon the basis of some unquestionable facts which have been disclosed in frequent clashes of opinion, the action of Casque and Casket seems justifiable. Ordinarily college men consider not only the letter but the spirit of the law and a violation of the intent of the chinning rules is not less to be regretted than willful disregard of their existence.

Detrimental to the college as is the breach of faith among the fraternities, therefrom may result some good, for inasmuch as crises in history, accompanying with a remarkable persistency the wheel of time in its inevitable rotation, give birth to real leadership, so does a crisis in the history of the student body give to the individual an inestimable opportunity for the inculcation of true college loyalty.

As a man can think without disdain; as he can observe without prejudice; as he can speak without deprecation; to that extent he should be permitted to pass judgement on the existing situation. Let him who is moved to make disparaging remarks, consider that a fraternity is dependent on the previous foundation of a college. Now, as never before, the emphasis on fraternity spirit should be applied to the development of enduring love for old New Hampshire.

MASSACHUSETTS, NOV. 9.

Special train for the game in Manchester.

New Hampshire will play Massachusetts again this year in Manchester, a week from the coming Saturday, Nov. 9. A special train has been engaged to take the student body to the city where the contest is held.

## GAME WITH RHODE ISLAND SATURDAY.

New Hampshire plays Rhode Island, Saturday at Kingston. As the down state team makes this contest their big game, a hard battle is expected. New Hampshire is due to win. The games for the last three years, with the exception of 1909 have been won by Rhode Island. In 1909, New Hampshire won in Durham, 11 to 5; in 1908, Rhode Island won 6 to 0, Sullivan kicking two goals from the field; and last year, New Hampshire again lost 9 to 8, after holding the lead for half the game by the score of 8 to 0.

Rhode Island has had a fairly successful season. The eleven trimmed the "Aggies" 7 to 0, and lost to Brown and Maine by the same scores, 14 to 0. The reports of the other games have not been in the papers.

The New Hampshire will obtain the result of the game, and will post it on the bulletin board in the gymnasium.

## AT N. H. HORTICULTURAL MEETING.

New Hampshire College was well represented at the New Hampshire Horticultural Society meeting, held at Alton, N. H., last week. Professors W. C. O'Kane, J. H. Gourley, David Lumsden and W. H. Wolff attended, and gave lectures and demonstrations on horticultural problems. The college also sent several pictures, rackamounts, etc., to be displayed at the meeting.

## FOOTBALL RALLY.

Last Friday evening in Thompson Hall, a mass meeting was held for the purpose of arousing more interest in football. P. C. Jones, Pres. of the Athletic association presided. The following spoke in the interests of the team: Prof. Richard Whoriskey Jr., Prof. J. H. Gourley, Prof. George Perley and Coach Tod Eberle.

## CHINNING SEASON RESULTS.

As a result of the past chinning season, the fraternities have pledged men as follows:

Zeta Epsilon Zeta.

G. W. Burke, O. C. Work, J. P. Flanagan, R. H. Hayes, E. H. Swett, G. B. Arnold, and W. R. Partington.

Kappa Sigma

E. J. Carleton, W. I. Waite, E. D. Fuller, L. W. Davis, Burbee, P. S. Ward and H. A. Steele.

# DE LAVAL CREAM SEPARATORS

## Cheapest As Well As Best

Every sensible person wants the **best** of everything, but in many things the best is beyond their means and they must necessarily be content with something less.

In the case of the Cream Separator, however, the **best** is fortunately the **cheapest** as well, and it is of the greatest importance that every buyer of a separator should know this.

Moreover, the **best** is of more importance in the case of the Cream Separator than in anything else, since it means a saving or a waste **twice a day every day in the year** for many years.

It is true that the DE LAVAL Separators cost a little more in first price than some inferior separators, but that counts for nothing against the fact that they **save their cost every year over any other separator**, while they last an average twenty years as compared with an average two years in the case of other separators.

And if first cost is a serious consideration a DE LAVAL machine may be bought on such liberal terms that it will actually **save and pay for itself**.

These are all-important facts which every buyer of a Cream Separator should understand and which every local DE LAVAL agent is glad to explain and demonstrate to the satisfaction of the intending buyer.

If you don't know the nearest DE LAVAL agent please simply address the nearest of our main offices as below.

THE ORIGINAL NON-LEAKABLE  
**FOUNTAIN PEN**

Always ready to write at the first stroke without shaking.

That is a vital point which is lacking in ordinary fountain pens. You can readily understand how this is made possible in a Moore when we explain that the pen when not in use lies submerged in ink which keeps it moist and prepared for instant writing, positively eliminating the necessity of shaking.

But that is not all of its strong features. The Moore can be carried in any position without the least fear of leaking. Has a large ink capacity. Always writes freely and evenly, and is easily filled.

Every Moore Non-Leakable Fountain Pen carries with it the most unconditional guarantee.

BE SURE IT'S A MOORE.

# Does It Pay To Exaggerate?

We have been in business for a great many years and we believe we know that it does not. We never believed in selling, as you might say, \$4.98 merchandise for \$4.98 and calling it \$10.00 value. Our stores consider a customer first and itself last—customers' needs—customers' limited purse—customers' ignorance of goods. Then gives good honest measure in every way.

We believe we understand modern merchandise, and say to each and every one of our customers, "If anything you buy at either of our two stores is not satisfactory in every way, meet us face to face and we will make it right." We believe this is the square way of conducting business, and builds onto a business year after year, no matter what its size is. All is anything bought of us that isn't right, do not be afraid to tell us. Let us right any wrong or any imaginary wrong.

Our Customers' Interest is First and Foremost.

New Hampshire

### BRACKETT'S LUNCH ROOM, AT THE BLOCK.

Cigars, Cigarettes and Tobacco of All Kinds.

It is the only place in college where you can get the famous Finley Ice Cream, made in Dover

Meals Served Up To Almost Midnight.

### IN COURT

A witness must be sworn, not only to tell the truth, but the whole truth and nothing but the truth.

In household and dairy

is sworn not only to wash away the dirt and grease, but the whole of the dirt and grease, and nothing but the objectionable matter.

That is, it will easily, thoroughly and harmlessly loosen and dissolve everything that is termed "dirt," but it will not injure your hands, tinware, clothing or anything you wash. It makes no suds but softens even the hardest water. It cleans, sweetens and purifies dishes, clothes, floors and tables, pots, pans, milk cans, and every unclean thing without injury.

The drudgery of cleaning is the only thing Wyandotte Dairyman's Cleaner and Cleanser ever destroys.

INDIAN IN CIRCLE

IN EVERY PACKAGE.

Ask your dealer for a sack or order a barrel or keg from your dairy supply house.

THE J. B. FORD COMPANY,
